Proper is a company founded by designers who want to fix the world. Literally -- we're in the maintenance space!

Today when something breaks in your apartment it's a huge pain to get it fixed. There are various parties involved, lots of emails & calls and a boat load of frustration even for the simplest things.

Proper is changing that with it's mobile first and chat-focused approach.

As a Product Designer at Proper, you will be involved in all aspects of the product development process, from user interviews to feature ideation to tweaking pixels right before we ship. You will be expected to utilize your full range of product, interaction, and visual design skills to build

Proper's web and mobile experiences. This is a remote full-time position

Responsibilities

 Take broad, conceptual ideas and transform them into useful interfaces for our user

base of tenants, landlords and contractors

 Create production-ready assets and documentation for delivery to our engineering

team

 Focus on designing reusable assets that will become part of a larger design system

shared across the design and engineering teams

 Design web and mobile experiences that are delightfully simple and elegant

 Collaborate with and contribute to strategic design decisions with the rest of the

product, design, engineering and founding teams

 Give and seek feedback from other designers in order to continually raise our bar for quality

Requirements

 Excellent communication skills - ability to articulate your design decisions

 Proven ability to think about product strategy and vision with an obsessive focus on

user needs

 Extensive experience in designing web and mobile applications

 Proficiency in using design & prototyping tools (Sketch, Flinto, InVision, pen & napkin)

 Experience working with communication & collaboration tools (Zeplin, Mindmaps,

Slack, Skype, Google Docs)

 Motion design skills are a plus, but not necessary

If you consider that your profile is aligned to the requirements of the position, send your CV to info@iTechCareer.com or empleoitc@gmail.com, with Ref: Designer, indicating your intended remuneration.

We guarantee absolute reservation.

Thank you!!
