

On behalf of our client, a leading Internet Company located in Zurich and Berlin, we are currently accepting resumes for the following professional opportunity:

A Swiss company is searching for an experienced program manager to lead pioneering external research cooperation programmes and build a new business line; the position is offered both at the Headquarters in Zurich and at the branch in Berlin, travel will be required.

#### YOUR RESPONSIBILITIES

- Collaborate with the business and development teams
- Define priorities and timelines
- Proactively search for new program opportunities
- Build and own program schedules and drive deliverables to completion
- Network in the Research community and make sure we stay within the EC regulations

- Minimize, manage and avoid risks to the program schedules and objectives
- Manage organizational work for new programs (reporting, resource allocation, founding of legal entities to ensure ongoing operation of the systems built in the scope of the program)
- Become a member of the Program Control Board
- Participation in EU program meetings
- Manage multiple programs with shifting and competing priorities

## YOUR PROFILE

- BS/BA degree
- MS degree or MBA are a big plus
- 3+ years of program management experience
- Previous experience in EU funded R&D programs
- Experience in Media domain (TV, web services, etc.) is a plus

- Solid understanding of system architecture, design, and implementation
- Ability to quickly grasp business requirements and technical possibilities
- High energy and strong drive complemented with empathy and tact
- Strong ability to interact with a diverse set of technical and non-technical stakeholders
- Knowledge and experience with agile software development is a plus
- System integration or development experience is a nice to have qualification
- Experience working with Senior management and remote teams
- Proficient in English

## OUR OFFER

- Opportunity to work with an agile team of high professionals

- Possibility to choose between two of the most advanced cities in Europe
- Annual salary not disclosed
- Full time and long term contract
